

Ceiling Disconnect Support

Benefits:

- Designed for air conditioning equipment above T Bar ceilings.
- Conveniently puts your disconnect next to the unit control panel.
- Easy to install.
- Saves labor over building conventional hangers.
- Allows you to place disconnect exactly where you want it.
- Light weight aluminum construction.

Speed up your next installation with a Disconnect Support. Designed to conveniently mount 30, 60 or 100 amp disconnects.
